

Home Learning Choughs

We really appreciate your support with the children's home learning. We have taken your feedback from the last lockdown and aimed to make home learning even more clear, flexible and supportive. The main difference between this lockdown home learning and the last lockdown is that we have created a Google Account for each child so we will be able to have video chats all together as a class using Google Meet.

We hope this will be a great way to stay connected and keep the children in a routine. **We will be providing 3 hours of online learning each day for children in Choughs class, in line with government guidance.** We have planned for this to be English and maths in the morning and a topic lesson in the afternoon, but if you want to get it all done in the morning and have the afternoons free, you are welcome to do that.

Please complete the English, maths and topic activities each day and post it to Class Dojo (3 posts a day).

Choughs home learning timetable.

Red = Google Meet (video chat)

08:30 - Planning for the day will be on the website (it will be removed at the weekend).

09:00 – 09:30 - Morning register and catch-up (Google Meet).

09:30 – 10:30 - English.

10:30 – 11:00 - Break.

11:00 – 12:00 - Maths.

12:00 – 13:00 - Lunch.

13:00 - 13:30 - Afternoon register and catch-up (Google Meet). On a Friday this will include announcing Star of the Week. We will be awarding Shine points for work submitted and the child who earns the most will be our Star of the Week.

13.30 – 14.30 - Topic.

We have planned this timetable so the Google Meets do not overlap with other classes (for children who have siblings in other classes).

We may offer optional enrichment activities outside of these times, but the above timetable is in line with government expectations for the children and hopefully makes home learning as manageable as possible.

Please ensure your child completes the English, Maths and Topic activity each day. We will be keeping track of this and following up with children who we are not hearing from.

Additional activities:

- Doodle Maths, Doodle Tables, Doodle English and Doodle Spell
- Reading and quizzing on books on accelerated reader:
