LOTTERY FUNDED

Scope exists to make this country a place where disabled people have the same opportunities as everyone else. **Until then, we'll be here.**

We provide support, information and advice to more than a quarter of a million disabled people and their families every year.

We raise awareness of the issues that matter.

And with your support, we'll keep driving change across

Does your child have support needs?

Would you like an opportunity to meet other parents and carers who understand your situation to chat and share experiences with?

Our local **Oasis groups**, run by Scope's Face 2 Face befriending service, are **here to help and are free to attend.**

Oasis groups are for parents, carers, or grandparents of disabled children or young people. Our volunteer Face 2 Face befrienders at the groups are all trained to offer emotional support and practical information, as well as being parents of children with support needs themselves.

These are friendly and informal sessions that are held on a regular basis, either weekly or monthly at children's centres across the county. You are also welcome to attend with your child and relatives.
