

### **Week 1-**Bugs and insects.

This week we are exploring bugs and insects, we will go on a bug hunt on the school field. We will be using different media to create our own insects.

We are also focusing on learning the days of the week.

### **Week 2-**Plants and flowers..

We are going to plant cress seeds to see how they grow. We are going to label parts of a flower, the children will write the labels.. We will talk about what plants and flowers need to grow.

## **Little Lizards**

### **Spring Term Planning**

### **2020**

This term we are learning about the world around us, we will be exploring the outside, going on a trip on a minibus and learning about British values.

### **Week 5-**Transport.

This week we are learning all about different vehicles. We will travel on a minibus.

### **Week 3-** where are we from?

We are going to explore different cultures and learn about British values. We will make a display in the quiet room using flags and maps.

### **Week 4-** Different foods.

We are going to explore food from around the world. We will cut and try exotic fruit. We will also sample some food from around the world.
